LAUNCHING BRIGHTER FUTURES

Billions seek hope,  
but face exploitation.

annie cannons

We need  
survivor-centered  
design.

What can software add?

Artificial intelligence is no  
substitute for survivors.

Bias cannot be ignored,  
but it can be overcome —  
with care.

When do we know enough  
to start building?

# What data do we have?

How accurate is it likely to be?

How comprehensive is it  
likely to be?

Who produced it?  
Why? How?

annie cannons

Understand data's limits  
to unleash its power.

# What are we fighting?

Trust survivors,  
get results.

# A model for responsible development

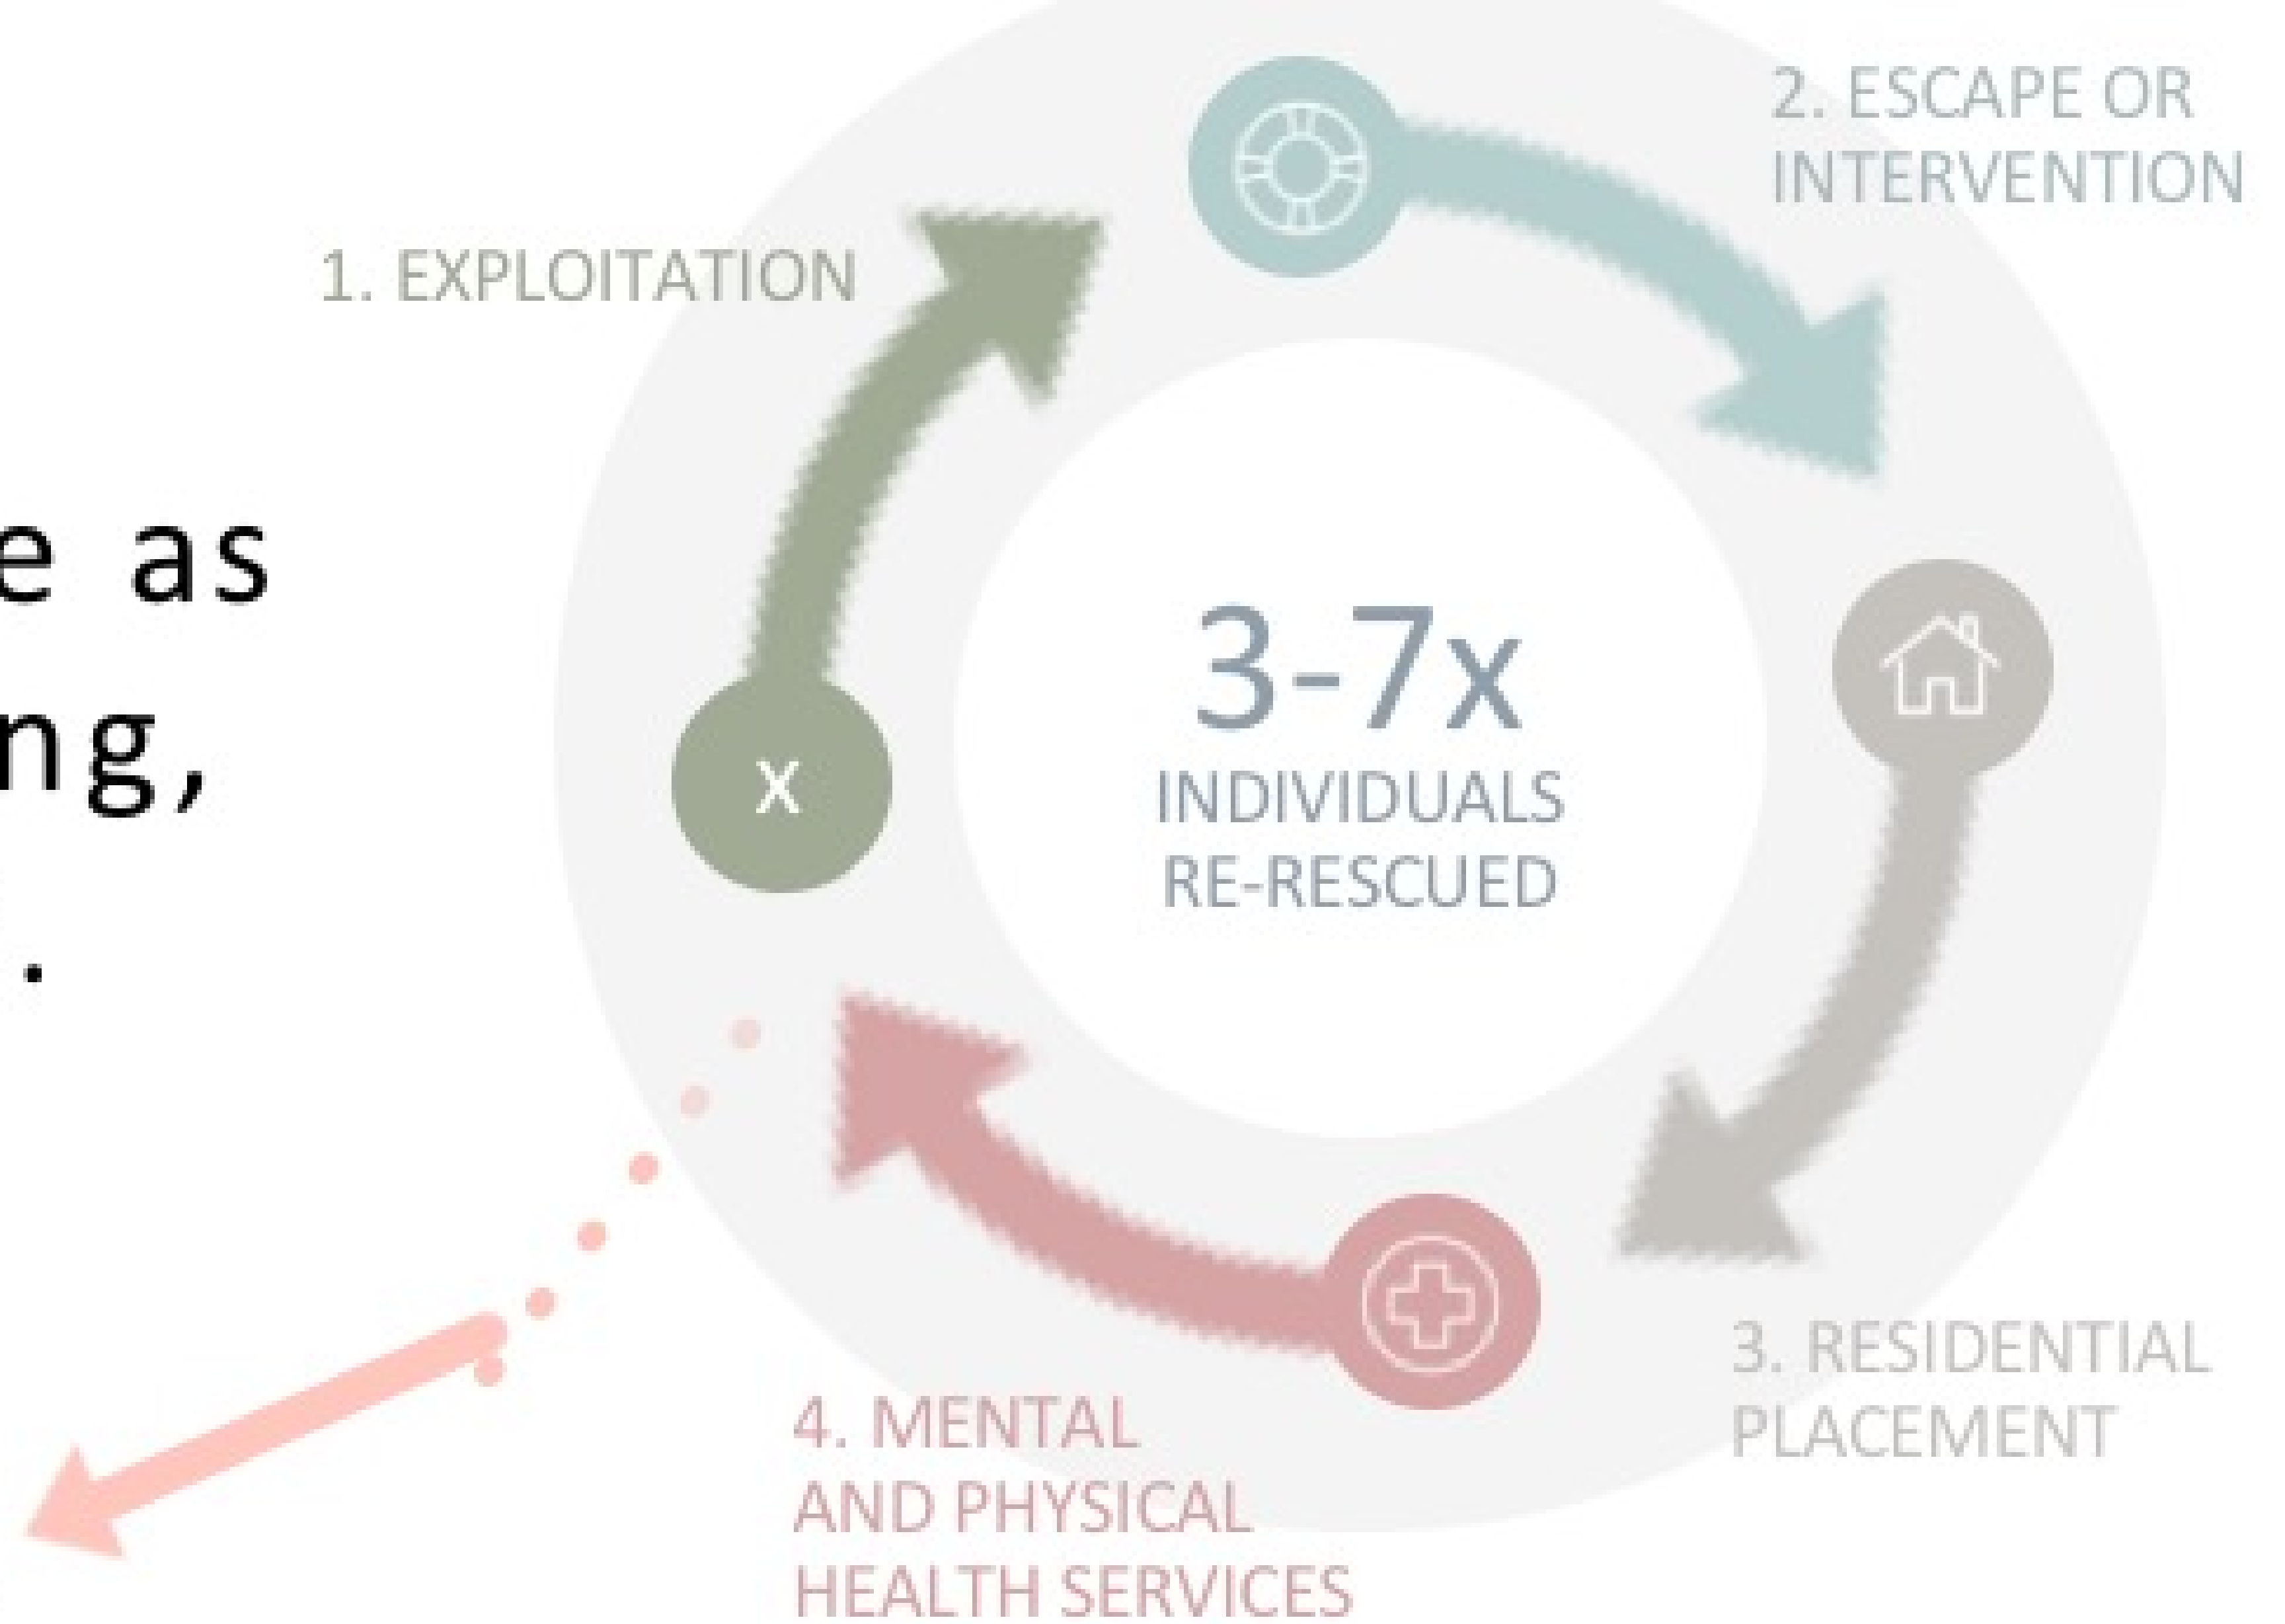

1. Hire survivors.

Treat rescue as the beginning, not the end.

ECONOMIC OPPORTUNITY

2. Learn what you do  
not want to know.

3. Assume responsibility  
for what you create.
